

OVERWHELMED BUT NOT ALONE

Overwhelmed at the thought of facing judgment from friends and family, 24-year-old Maya sits alone in her room, grappling with an unexpected pregnancy. Like many women who walk through our doors, **Maya feels trapped, contemplating a decision she never thought she'd face.** She could order the abortion pill online, and no one would ever have to know. She could keep her pregnancy a secret until she musters the courage to tell her family. One thing is clear: she has no idea what to do. Desperate for answers, she picks up her phone and searches for pregnancy options in Rockford, IL.

Thanks to the faithfulness of God and the unwavering support of friends like you, we are continually enhancing our marketing efforts to expand our reach. In 2022, nearly half of the clients we served were at risk of choosing abortion. Just two years later, in 2024, **over 80% of the clients we serve are at risk of choosing abortion.** This means women like Maya are actively seeking help and finding our Center before making life-altering decisions. Praise God!

The truth is that when Maya discovered The Pregnancy Care Center, **she found more than just resources—she found a community.** “I felt anxious and alone,” she shared, tears in her eyes, “but here, the team created a warm and non-judgmental space. It pulled me out of my dark place and helped me realize I wasn't alone. I was supported, safe and loved.”

Women like Maya, facing unplanned pregnancies, often believe abortion is their only option, usually due to financial circumstances or pressure from partners, friends, or family. In fact, our recent research has revealed that the **number one reason PCC clients consider abortion is due to a lack of support.** At The PCC, we freely offer moms and dads the support, help, and hope they need. Because of your partnership, Maya and many others like her will know they are not alone on their pregnancy journey!

Your support demonstrates to our clients that a whole community is ready to serve and support them as individuals and parents, equipping them to thrive. **You empower them to see that abortion is not their only option as we offer practical help and eternal hope.** Like Maya, all our clients experience the profound impact of your generosity. It's because of your giving that The PCC can walk alongside them on this journey and assure them, “You're not alone.”

Another client, like Maya, reflecting on her experience, expressed, “When I felt overwhelmed, the Center assured me that things would work out. I'm so grateful. I don't know if I would be as prepared or as confident to parent without The PCC. The prayer time we spent together was very impactful. I am less anxious about my transition with a new baby due to the encouragement I've received from my mentor. **I'm so glad I found The PCC.**” This is our mission on display; this is what offering help and hope in the name of Jesus looks like in the lives of the clients we serve.

AS WE APPROACH THE END OF 2024, WE INVITE YOU TO CONSIDER THE IMPACT OF YOUR GENEROSITY:

- **\$300** provides one emergency pack of diapers, wipes, and baby hygiene items each month.
- **\$600** covers the cost of one ultrasound each month.
- **\$1200** provides 12 life-saving ultrasounds **and** vital support in our parenting education program.

Again, over 80% of the clients we serve each year are at risk of choosing abortion—whatever their reasoning may be. Please know that your generous one-time, year-end gift is vital to keeping our Center and Mobile Medical Unit operational. Your support enables us to provide pregnancy tests, ultrasounds, and STI testing—all at **no cost** to our clients.

Furthermore, your faithful partnership allows us to sustain our educational mentoring program, equipping individuals and couples to become the best parents they can be. Together, we are making a **lasting impact** in our community, **embodying what Pro-Abundant Life truly means—love in action!**

So as the year quickly draws to a close, would you continue to share kindness to struggling moms and sweet babies? As you give and as you join us in providing the support women and men need when facing pregnancy decisions, you are ensuring that no one feels **overwhelmed and alone** on this journey. We can't thank you enough!

For Abundant Life and God's Glory,

Nikki Tibbetts
